ENGINEERING FOR A BETTER TOMORROW

BROCHURE OF MULTISPECTRA CONSULTANTS

MULTISPECTRA CONSULTANTS is a company engaged in the business of Civil Engineering, Water Engineering and Software Engineering. MultiSpectra Consultants operates in all areas of Civil Engineering, Water Engineering and Software Engineering and has carved out a niche for itself in finding research-based solutions to Civil Engineering, Water Engineering and Software Engineering problems. MultiSpectra Consultants is also developing an online platform for Civil Engineers and Architects to interact. MultiSpectra Consultants is owned by Dr. Amartya Kumar Bhattacharya who is its Chairman and Managing Director. Dr. Amartya Kumar Bhattacharya is a Singaporean Passport-holder and a Permanent Resident of India but with ancestors hailing from south-eastern Bangladesh. MultiSpectra Consultants is a member of the Diwan Bahadur Banga Chandra - Dr. Amartya Kumar Bhattacharya Group of Companies; the other Companies in the Group being MultiSpectra Global, MultiSpectra Consultants Asia, MultiSpectra Technologies, MultiSpectra Aqua, MultiSpectra, Inc., MultiSpectra Bangladesh, MultiSpectra Tripura, MultiSpectra H2O and MultiSpectra SkyHawk.

MultiSpectra Consultants is the global holding company.

MultiSpectra Global is the global Research, Development, Education and Training wing of MultiSpectra Consultants.

MultiSpectra Consultants Asia deals with Civil Engineering except Water Engineering.

MultiSpectra Technologies deals with Software Engineering except Cloud Computing.

MultiSpectra Aqua deals with Water Engineering except Groundwater Engineering.

MultiSpectra, Inc. deals with Business Management including Business Strategy.

MultiSpectra Bangladesh and MultiSpectra Tripura conduct the operations of MultiSpectra Consultants in their respective geographies.

MultiSpectra H2O deals with Groundwater Engineering.

MultiSpectra SkyHawk deals with Cloud Computing.

#SparkInnovation

नमो तस्स भगवतो श्रद्धतो सम्मासम्बुद्धस्स

MultiSpectra Consultants is a technology-enabled Civil Engineering, Water Engineering and Software Engineering company that does business using modern technology and lean management techniques to the utmost extent. MultiSpectra Consultants reduces capital expenditure by various methods - using free and open source software (FOSS) extensively instead of proprietary software is just one example. MultiSpectra Consultants uses software like LibreOffice, Apache OpenOffice, Scribus, GNU Image Manipulation Program, Inkscape, and so on instead of their proprietary equivalents to minimise business expenses. Intellectual capital is given great importance by MultiSpectra Consultants in its endeavour to develop innovative business solutions.

In a relatively short period of time, MultiSpectra Consultants has got considerable brand equity. This has been achieved largely through content marketing and projection of expertise in the concerned field through international and national journal papers, international and national conference papers, blogging in reputed international web platforms like LinkedIn, WordPress, Google Blogger, Medium, Weebly, just to name a few. Vigorous activity on academic networks like Academia.edu, ResearchGate and Mendeley, as also on general networks like Facebook, Twitter, Tumblr and Google Plus, is also a part of the strategy of MultiSpectra Consultants.

MultiSpectra Consultants uses a lean management technique where the services offered by the company are iteratively improved and scaled-up. Linking experienced senior engineers, technologists and scientists with junior engineers and engineering students is an integral part of developing agile solutions where the experienced senior engineers, technologists and scientists can provide thought leadership and junior engineers and engineering students can learn from them and put in their dynamic hard work to materialise innovative engineering solutions.

One of the programmes of MultiSpectra Consultants is called MULTISPECTRA SPARK. The details of MULTISPECTRA SPARK are given below. This programme allows senior engineers, technologists and scientists to be affiliated to MultiSpectra Consultants on a profit-sharing or

#SparkInnovation

नमो तस्स भगवतो श्रद्धतो सम्मासम्बुद्धस्स

commission basis, not on a salaried basis. Such senior engineers, technologists and scientists are expected to be involved in lead-generation as well as in project execution. In addition, MultiSpectra Consultants has a vibrant educational programme for students and young engineers called MULTISPECTRA EDGE. The details of MULTISPECTRA EDGE are also given below.

One of the objectives of MULTISPECTRA EDGE is to develop a spirit of entrepreneurship among students and young engineers. Under the MULTISPECTRA SPARK programme, the profit-sharing or commission depends on the quantum of work. Just as one of the objectives of MULTISPECTRA EDGE is to develop a spirit of entrepreneurship among students and young engineers, one of the objectives of MULTISPECTRA SPARK is to develop a spirit of entrepreneurship among senior engineers, technologists and scientists.

MultiSpectra Consultants operates in the following areas:

Fluid Mechanics;

Hydraulics;

Hydrology;

Water Resources Engineering;

Wastewater Engineering;

Geotechnical Engineering;

Structural Engineering;

Environmental Engineering;

Transportation Engineering;

3rd Party Quality Control / Quality Assessment (QC/QA);

Project Management Consultancy;

Landscape and Interior Designing;

Civil Engineering Research and Development (R&D);

#SparkInnovation

नमो तस्स भगवतो अरहृती सम्मासम्बुद्धस्स

Civil Engineering Education and Training;
Software Engineering;
Software Engineering Research and Development (R&D);
Software Engineering Education and Training;
Cloud Computing;
Business Management and Business Strategy;
Business Strategy Research and Development (R&D);
Business Strategy Education and Training.

An agile and scalable business model is used by MultiSpectra Consultants to cater to a global clientele. There is no limit to the number of 'affiliates' under the MultiSpectra Spark and MultiSpectra Edge programmes. This ensures scalability.

As the number of 'affiliates' under the MultiSpectra Spark and MultiSpectra Edge programmes has grown, the output of MultiSpectra Consultants has increased.

'Affiliates' under the MultiSpectra Spark and MultiSpectra Edge programmes work in geographically separated clusters. Latest collaboration and communication methods are used by 'affiliates' to collaborate. MultiSpectra Consultants blends cutting-edge collaboration and communication methods with Civil Engineering, Water Engineering and Software Engineering practice.

Clientele served by MultiSpectra Consultants:

- Civil Engineering and Construction Companies;
- Software Companies;
- Government Organisations;
- Individual Clients.

MultiSpectra Consultants is registered with the Ministry of Micro, Small and Medium Enterprises, Government of India, and bears Udyog Aadhaar Number WB10D0001890.

MULTISPECTRA EDGE

#GetAnEdgeOverYourCompetitors

MULTISPECTRA EDGE is an integrated programme offered by MultiSpectra Consultants for students at all levels. It is designed so as to give participating students an Edge over their competitors. A brief outline of MULTISPECTRA EDGE is given below.

MULTISPECTRA EDGE AT THE 10 AND 10+2 LEVELS

MultiSpectra Consultants offers an in-depth career guidance and advice at both the 10 and 10+2 levels including, but not limited to, guidance and advice pertaining to examinations and tests typically faced by students at these levels. It also seeks to make available modules of advanced knowledge available to students in both online and offline modes.

MULTISPECTRA EDGE AT THE UNDERGRADUATE LEVEL

At the undergraduate level, MultiSpectra Consultants offers in-depth training, career guidance and advice in several ways including training in the form of Summer and Winter Internships and guidance and advice pertaining to examinations and tests typically faced by students at this level. The Summer and Winter Internships are offered in the area of Civil Engineering Research and Development with the standard output being published papers. All students who have participated in this programme so far have a large number of jointly-authored published papers to their credit. A certificate is also given. Students can also work at their parent institution under the Joint Supervision of MultiSpectra Consultants on a topic of interest to MultiSpectra Consultants. If successful, students get a certificate from MultiSpectra Consultants.

MULTISPECTRA EDGE AT THE POST-GRADUATE AND DOCTORAL RESEARCH LEVELS

#SparkInnovation

नमो तस्स भगवतो श्रद्धतो सम्मासम्बुद्धस्स

At the post-graduate and doctoral research levels, MultiSpectra Consultants offers a programme for students to work at their parent institution under the Joint Supervision of MultiSpectra Consultants on a topic of interest to MultiSpectra Consultants. If successful, students get a certificate from MultiSpectra Consultants.

MULTISPECTRA EDGE AT THE POST-DOCTORAL LEVEL

At the post-doctoral level, MultiSpectra Consultants offers comprehensive Supervision of post-doctoral research. Post-doctoral students are currently working under the Supervision of the undersigned. Papers are the standard output of post-doctoral research.

MultiSpectra Consultants is also developing an online platform for Civil Engineers and Architects to interact in view of the fact that such a platform does not exist so far and is necessary and will have considerable market traction if the success of healthcare, property, e-commerce, travel and hospitality online platforms is any indication. Students at all levels are welcome to participate in the building of the platform. Needless to say, if students make a meaningful contribution, students get a certificate from MultiSpectra Consultants.

Under the 'Open Internship Programme' of MultiSpectra Consultants, any student may make a contribution to any paper and get a certificate besides, of course, being a co-author of the paper.

Students may apply for MULTISPECTRA EDGE by e-mailing the undersigned at dramartykumar@gmail.com attaching their current CV to the e-mail.

For and on behalf of MultiSpectra Consultants,

AK Bhattacharya

Dr. Amartya Kumar Bhattacharya

Chairman and Managing Director.

MULTISPECTRA SPARK

MULTISPECTRA SPARK is meant for senior engineers, technologists and scientists. This complements MULTISPECTRA EDGE, the integrated programme offered by MultiSpectra Consultants for students and young engineers which has been a thundering success. A brief outline of MULTISPECTRA SPARK is given below.

MULTISPECTRA SPARK allows senior engineers, technologists and scientists to be affiliated to MultiSpectra Consultants on a profit-sharing or commission basis, not on a salaried basis. Such senior engineers, technologists and scientists will be expected to be involved in lead-generation as well as in project execution. As is well known, MultiSpectra Consultants has carved out a niche for itself for finding research-based solutions to Civil Engineering problems. In addition, MultiSpectra Consultants has a vibrant educational programme for students and young engineers and senior engineers, technologists and scientists can be associated with that. Just as one of the objectives of MULTISPECTRA EDGE is to develop a spirit of entrepreneurship among students and young engineers, one of the objectives of MULTISPECTRA SPARK is to develop a spirit of entrepreneurship among senior engineers, technologists and scientists.

MultiSpectra Consultants is also developing an online platform for Civil Engineers and Architects to interact in view of the fact that such a platform does not exist so far and is necessary and will have considerable market traction if the success of healthcare, property, e-commerce, travel and hospitality online platforms is any indication. Senior engineers, technologists and scientists are welcome to participate in the building of the platform.
